THE RENCONTRES ARTISTIQUES

The Rencontres Artistiques are the main annual event organised by Carré sur Seine in June.

Experts from the art world and contemporary artists from all disciplines meet in Boulogne-Billancourt for portfolio reviews.

During individual meetings lasting twenty minutes, artists of all disciplines present in a relaxed and professional atmosphere their work to national and international art experts (art critics, museum directors, curators, gallery owners, journalists, artists...).

This event, unique in France, responds to a strong demand from the artists, who throughout their career need to exchange and create a professional network.

The Rencontres Artistiques are becoming increasingly successful. The experts involved in the event are fully committed and the association recruits new ones every year.

In 2013, the association organised 150 meetings with 15 experts. In 2021, 91 experts participated in the Rencontres Artistiques and 1 600 meetings were organised for more than 350 artists.

At the end of the Rencontres Artistiques, the jury chooses, from among fifteen finalists, three winners who will receive the Carré sur Seine Prize accompanied of 5 000 euros per artist .

THE CARRÉ SUR SEINE PRIZE

Convinced of the importance of the dialogue between artists and art experts, the founders of the association Carré sur Seine set up, in 2012, the Rencontres Artistiques, an annual meeting of portfolio reviews.

The need of recognition felt by the artists, for the youngest the need to build up a network and, for the experts, the interest of dialogue with the new generations of creators, as well as exchanges between art professionals from different backgrounds, are the mainsprings and the very idea on which the Rencontres Artistiques are based.

The Rencontres take place in a spirit of accompaniment, the principle of which is to provide guidance, visibility to their artwork and professional advice/

Created in 2012, the Rencontres Artistiques have a Prize since 2014. In 2018 the association instituted the figure of the President of the Carré sur Seine and endowed the Prize with a financial award.

Today, and thanks to the contribution of its partners, the Association awards 3 endowments of 5 000 euros each year.

THE ASSOCIATION CARRÉ SUR SEINE

The association was founded in Boulogne-Billancourt in 2011 by the gallerists Isabelle Lefort (galerie Mondapart), Maria Giovanna Gilotta and Florence Provost (galerie Exit Art Contemporain).

Carré sur Seine aims to contribute to the artistic visibility of contemporary art through concerted actions such as meetings with artists, studio visits or guided tours of exhibitions, conferences dedicated to current artistic events...

The association celebrated its 10th anniversary in 2021.

Two major events have been created and are run by the association Carré sur Seine: Ecoutez-Voir and the Rencontres Artistiques.

Ecoutez - Voir

Faithful to its vocation as an artistic booster in the West of Paris, and driven by the desire to raise public awareness of the visual arts and to encourage the emergence of new collectors, Carré sur Seine proposes these monthly meetings.

This cycle is followed by the members of the association who choose, the winner of the Ecoutez-Voir Prize.

The Ecoutez-Voir Prize is accompanied by a 2 000 euro endowment.
