## CALL FOR CANDIDATES

THE DEADLINE FOR SUBMISSION OF APPLICATIONS IS 4TH JUNE 2023

The association Carré sur Seine launches the 12th edition of its Rencontres which will be held in Boulogne-Billancourt on 27, 28, 29 and 30 June.

## THE RENCONTRES ARTISTIQUES

The Rencontres Artistiques, an annual event organized by Carré sur Seine, takes place during several days in June in Boulogne-Billancourt where artists and art professionals meet.

During individual appointments of twenty minutes, in the form of portfolio reviews, artists from all disciplines present their work in a relaxed and professional atmosphere to experts from the national and international art world (art critics, museum directors, curators, gallery owners, journalists, artists...).

This event, unique in France, responds to a strong demand from artists, who throughout their career need to exchange with professionals of the art world.

The Rencontres Artistiques are becoming increasingly successful. The quality of the artists' files that the association has been receiving for more than ten years follows a strong qualitative and quantitative evolution. In 2013, the association organized 150 appointments with 15 experts. In 2022, 23 new experts participated in the Rencontres Artistiques compared to 2021. In total, 101 experts participated and 1 750 appointments were organized for 326 artists.

At the end of the Rencontres, the Jury of the Carré sur Seine Prize names the finalists. For the first time, the 2023 edition will be accompanied by an exhibition of the finalists. The winner of the Prix Carré sur Seine will be awarded with 5 000 euros.

## THE HISTORY OF THE RENCONTRES ARTISTIQUES

*Convinced of the importance of the exchange between artists and professionals of the art world, the association Carré sur Seine organized, in 2012, the Rencontres Artistiques.*

Engaging in dialogue with art world professionals allows artists to build or expand their network, obtain advice and constructive criticism, gain a better understanding of the market, and input new opportunities for their careers.

The Rencontres Artistiques are an opportunity for experts to dialogue with the new generations, to discover new talents and to exchange between art professionals from different horizons.

The Rencontres are founded in a spirit of support and kindness.

This is still the mainspring and the very idea on which the Rencontres Artistiques are developed.

In 2018, the association instituted the figure of the President of the Prix Carré sur Seine and endowed the Prize with a financial award.

In 2023, a major exhibition of the 10 years of the Prize was created under the impulse of Chiara Parisi, President of the Rencontres Artistiques of the Carré sur Seine Prize 2022. Carré sur Seine, in co-production with POUISH, organized and brought together 16 prizewinners under the roof of La Casa.

For this 2023 edition, thanks to the contribution of its partners, the Association will award an endowment of 5 000 euros during an exhibition that will gather the finalists.
